

“ By moving our entire business onto Eclipse Underwriting we are streamlining our business and making real efficiency gains. ”

Eclipse Underwriting

Factsheet

Eclipse Underwriting is a fully integrated, web-enabled, 'one stop' solution for Lloyd's, Companies and international (re)insurance carriers.

Eclipse Underwriting manages the full lifecycle of your entire insurance and reinsurance business (inwards and outwards) from underwriting and claims management through to accounting & settlement and management information.

Having access to accurate, reliable, up-to-date information is critical for business success. Eclipse Underwriting is a flexible, proven end-to-end underwriting system with powerful workflow and reporting capabilities.

Eclipse Underwriting delivers detailed, real-time analysis of your business, and allows you to make decisions rapidly and with confidence.

Key Benefits of Eclipse Underwriting

'One Stop' Solution

Eclipse Underwriting delivers full, end-to-end support to your (re)insurance business which gives you greater transparency across the business.

Comprehensive Functionality

Eclipse Underwriting handles complex policy information including programmes, packages and multi-section business, in a systematic and accurate way.

Powerful Reporting

Eclipse Underwriting is a powerful, comprehensive MI tool which allows you to monitor your business quickly and with confidence.

Compliance & Control

Eclipse Underwriting allows embedded compliance and role-based access so you can manage your business proactively and securely.

Improved Financial Management

Eclipse Underwriting handles multi-currency, principal-to-principal, 'atomised' accounting & processing which provides rigorous credit control and financial management.

Increased Efficiency

Eclipse Underwriting is straightforward, easy to use and improves operational efficiency and control through better process management.

Client Viewpoint

Eclipse gives you powerful reporting capabilities

“Eclipse puts some impressive analysis tools in the hands of our underwriters which will help us leapfrog the competition. We have found in Sequel and Eclipse an organisation and a product that meets our needs and that will grow with us through our next stage of expansion.”

Eclipse is the strategic choice for the future

“We chose Eclipse Underwriting as we needed a modern, flexible system which would not only integrate seamlessly with all our other business systems, but would also place us in the best possible position to trade and connect electronically with our external counter parties.”

Eclipse increases efficiencies and reduces overheads

“By moving our entire business onto Eclipse Underwriting we are streamlining our business and making real efficiency gains.”
